Resurfacing State Road 80 To Begin "Shortly"

July 25, 1964

By-Passed On Roads For Too Long Glades Will Get "Temporary" Relief

The Belle Glade Herald has been notified by the State Road Department that bids were accepted Tuesday, July 28, on resurfacing State Road 80 from South Bay through Belle Glade to twenty-mile bend.

Low bidder at the opening was the Dixie Asphalt Co., with a low bid of \$257,710 and work will begin very shortly.

The deplorable condition of the Glades roads, aggravated further by recent heavy rains, has been responsible for the increasing number of deaths and injuries. It is apparent that motorists, particularly those who are not familiar with the area roads are driving at excessive speeds and not exercising due caution on such rough roads.

What is the answer? State Road 80 must be four-laned from South Bay to twenty-mile bend, and on to West Palm Beach.

Rep. E. S. Roberts Is Now Lt. Colonel

It is now Lt. Col. Emmett Smith Roberts, 01583957.

Palm Beach County's ranking state legislator in point of seniority, has just been notified by the U. S. Army that he is being promoted to the rank of Lt. Colonel.

State Rep. Roberts, a long-time business leader in Belle Glade and Palm Beach, enlisted in the U. S. Army at the start of World War II. From private to major, he has served in various capacities, including command of the 1st Battalion, 1st Infantry Division, during the Korean War.

First elected to the House of Representatives in 1953, Rep. Roberts has served five successive two-year terms, and is considered many special sessions. He is one of the most respected legislators, state-wide, and has been a powerful representative of Belle Glade in Congress since 1956.

A veteran of 22 years military service, Lt. Col. Roberts has just returned from Ft. Seward, Ga., where he has been assigned duty with the U. S. Army Garrison 3220, headquartered in West Palm Beach. His assignment was Post Quartermaster.

These are engineering problems that require special attention. In our opinion the Glades area has been bypassed for years, as the state has given top priorities to urban areas along the coast, plus concentration on the interstate highway system as US 1, US 27, US 90, US 41.

Politically, Palm Beach County has not had a State Road Board Commission for some twenty years, and in this has the story.

Mills Byrom Leaves

On Round World Study Trip, Aug. 9

Mills Byrom, USDA, in charge at the Everglades Experiment Station, of development of long fiber harvesting processing machinery to ready them for the spinner is off on August 9th, on a round-the-world trip, as a consultant of AID, to study methods and machinery of Europe, Asia, Africa, and the Orient with a week's work in the Philippines.

Mr. Byrom, a native of the Longhorn State and a graduate of the University of Mechanical Engineering, left his first love-cotton to associate himself with USDA's long fiber section in '38.

In '43, Mr. Byrom was stationed at Boynton with the Department and moved to the Glades in '48.

Shannon will be the first stop, on route to Beirut where he will be the guest of James Mackey & Sons, manufacturers of spinning and processing machinery for Kenaf and Jute.

Berber Lawson & Co., of Leeds England will give him the benefit of their work with Kenaf and Jute machinery.

In Hoengollem, Germany, The Huggel manufacture field, ribbons and degumming machinery for long fibers.

Mr. Byrom will spend the month there to see their works.

In Paris, Mr. Byrom's research facilities will allow several days study at the French Fiber Institute — of long fibers.

In Rome there is a writer named Thiesen at headquarters of FAO, who has promise as a source of information concerning the harvesting and processing of these fibers.

A stop will be made in Cairo where the growing, spinning and use of these fibers is very prolific, before landing at Karachi in the Sudan.

Here Mr. Byrom will instruct the natives in the proper use of machines devised by him at the Everglades Experiment Station and built in this country for them. Field ribbons and spinning machinery built at the Station were used at Brown's Farm, and improvements and refinements made there in demand in foreign countries.

Calcutta India, Dacca, Pakistan will allow the scientist to study Merla (kenaf) which is useful for Jute, as well as Jute itself.

In Bangkok, Thailand, Mr. Byrom will be the guest of Jack Conally, an AID, Salsbury, who is in conjunction with the work for years in the Canal Point ramie operation. Jack is Conally's local fan who wish to attend the games will be neither telecast nor broadcast.

In conjunction with the annual all-star game, there will be a three-day coaching clinic for local fans who wish to attend. The games will be neither telecast nor broadcast.

Coach Burke, Harry Davis and Othar Crawford will attend.

Coach Burke also announced that regular practice for Belle Glade's underdog Football team will begin on Monday, August 17, at 8 a. m.

Two of Belle Glade's champion Golden Rams, Vic Vena and John Chausy, along with Harold Peacock from Pahokee, participate in the North-South all-star football game Saturday, August 1, in Gainesville, Fla. at 8 p. m.

Coach Bill Burke pointed out that Coach Vena and Peacock are the only three boys from Belle Glade District 11, which has the best high school football team in the east coast from Jupiter to Delray, except in the west coast where Santa Monica is the best.

The Florida Coaches Association allotted three boys from this district, and the three boys mentioned were elected by the coaches of the district. Coach Burke explained, "We feel that this is certainly a great honor to be bestowed on the Glades area."

The boys started practice for the big game last Sunday and are reported in fine shape for the Saturday night contest.

In addition to the grid clash, the North-South all-star basketball game will also be played August 1 at 3 p. m. Coach Burke said.

Coach Burke also announced that regular practice for Belle Glade's underdog Football team will begin on Monday, August 17, at 8 a. m.

Over 400 Attend Services Tuesday

For Calvin Peacock

Proceeding the funeral services for Calvin Joseph (Skipper) Peacock several hundred people visited the Peacock home in Pahokee and the Weathering Funeral Home. More than 400 paid their last respects at the services Tuesday at 3 p. m. at First Baptist Church, Pahokee.

With the Rev. Guthrie Cole as pastor, and the Rev. Lawrence Stewart of Canal Point officiating.

The 20 year old youth died in an automobile crash early Sunday a. m. He was born in Iowa City, Iowa and had been a resident in the Glades since 1942.

He had lived in Belle Glade for several years and was quarterback and halfback for Belle Glade Golden Rams and in his senior year played half back for the Peacock team.

His father Calvin Peacock was former Belle Glade Coach and was outstanding in his high school, in Pahokee on the Blue Devils team.

He was a member of the Everglades Presbyterian Church, Belle Glade, and had served in the Navy. At the time of his death he was employed by J. L. Engineers, South Bay.

Survivors include his parents, Mr. and Mrs. Calvin J. Peacock, Pahokee; two brothers, Jerry and Terry; and one sister, Anita Louise, all of Pahokee. Paternal grandparents, Mr. and Mrs. W. J. Peacock, Pahokee; maternal grandparents, Mr. and Mrs. Cecil Boyer, Canal Point.

Interment was in Port Mayaca National Cemetery. Pall bearers were Eddie Fidd, Walter Wood, Bob Waddy, Butch Davis, Rommie Jones, John Hundley.

Funeral services will be held at the Everglades Experiment Station, Pahokee was in charge of arrangements.

Shooting Of Boy Ruled Accidental

Maurice Randall "Randy" Stanley, 16, was reported wounded by a .22 caliber rifle shot at the Belle Glade Memorial Hospital, where he is being treated for an accidental gunshot wound.

Hospital officials listed his condition as "satisfactory."

Stanley was shot through the chest with a .22 caliber pistol by his step-mother, Mrs. Elaine Stanley, who told police the weapon was only a toy pistol. The shooting was ruled accidental and the case was closed.

Detective Lt. O. J. Senechal, head of the detachment of the sheriff's office, said the shooting took place in a bedroom of the Stanley home at 645 N. W. 17th St. He said the boy dashed out of the house and across the street to seek help.

O. L. Motes, of 648 N. W. 16th St., rushed young Stanley to the hospital. Enroute the driver, (Continued On Page 2)

Speeding Charged In Fatal Crashes

Charges of driving on the wrong side of the road and manslaughter by driving while intoxicated have been filed against M. Hull, 36, of West Palm Beach, following a traffic crash near Belle Glade in which his wife, Mrs. Mary Hull, 33, was fatally injured.

Hearing of the case is set for Friday at 9:30 a. m. in Magistrate's Court here.

Charges against Hull were filed after his release from Belle Glade Memorial Hospital, where he underwent treatment for injuries sustained in the fatal crash last Saturday.

Other charges growing out of a series of four fatal traffic crashes in the Glades area during the past weekend included the following:

Melvin Harold Odum, 34, pleaded guilty to a charge of operating a motor vehicle too fast for conditions and was the driver of an auto which left Highway 441 and plunged into a canal in front of Fire Control District Headquarters, here last Saturday.

2 Seats Open On City Commission

Seats are open for two City Commissioners to be elected at the City Election September 15.

Terms of office expire for Mayor LeBarron Williams, Clerk Vera Jones, announced, and Palmer January, commissioner from Central Borough who are completing two years service.

August 28, 4:30 p. m. is the deadline for qualifying. City Clerk Vera Jones announced, but no candidates had filed since the opening July 17th, she said Wednesday.

Commissioners who have an open year to serve are Bill Bailey, E. F. Weathers and Aubrey Farnum.

Registration books are now open and will remain open until September 4. Mrs. Jones reminded, there are many eligible voters who have still not registered to vote. Those who have not registered should do so early.

Ruby Kirk Opens Real Estate Office

Ruby Kirk, a registered Real Estate Broker, announces the opening of her office at 148 Royal Palm Drive, Belle Glade.

She has been honored as resident of Belle Glade since 1928, coming here with her mother and two brothers, the Arkansas family.

With the exception of a three year period in Miami, she has made Belle Glade her home for the last 38 years.

For the past two years she has been affiliated in Real Estate with Luther Jones Reeder, and Cole of Palm Beach.

Pupil Transfers Must Be Filed Before Aug. 17

In order that Applications for Pupil Assignment may be properly processed by the Superintendent's office, it will be necessary that all applications for the 1964-65 school year be filed at the office of the Superintendent of Public Instruction, 201 North Olive Avenue, West Palm Beach, Florida, on or before August 17, 1964. Mail postmarked prior to midnight of the 17th will be accepted. Applications are approved for only one year period. Therefore all applications which transfer were approved for the 1963-64 school year must refile for the 1964-65 school year.

All applications shall be judged on their merits. Only hard-ship cases shall be considered for application filed after August 17, 1964.

Home-Building Shows Continued Gains Here

Reflecting the continued rapid growth in the Belle Glade area, building permits for the first six months of 1964 show a gain more than \$200,000 over the same period of 1963, according to records in the office of City Inspector John Morris.

Total permits for all types of construction reached \$1,033,323 in the first half of 1963 and jumped to \$2,728,652 for the same period of this year, a gain of \$922,440.

County-wide construction for the corresponding periods showed a slight drop. Permits totaled \$2,361,010 for the first half of 1963 and \$2,259,876 for the first six months of 1964, according to figures just released by the Palm Beach County Information Service.

Home-building continued to set a rapid pace in Belle Glade during the second quarter of 1964, partly offsetting a lag in other types of construction. Dwelling units valued at more than half a million dollars accounted for the bulk of the \$278,195 in permits issued during the past April, May and June.

Permits included 21 for single dwelling units valued at \$238,659 and 39 for duplex and apartment construction valued at \$227,478. This placed Belle Glade in fifth rank among municipalities in the county for residential construction during the second quarter.

With many new homes and commercial and industrial building already in the planning stages, local officials forecast a sharp increase in the construction field here during the next few months.

The growing number of homes in the \$50,000-\$100,000 class helped boost building values in and around Belle Glade this year, officials noted.

"People who have been here all the time don't realize how Belle Glade has been growing in the past few years," said Harry Doggett, who is visiting here after being away for about four years. "With all the new homes and other types of buildings, I could hardly believe it was just a small town. It is really amazing."

21st Annual Meet Fla. Fruit & Veg. Assn. Sept. 21-25

The 21st Annual Convention of the Florida Fruit and Vegetable Association at Miami Beach is being planned around the theme, "Sunshine Food and People." W. Allen Markham, Okaloosa, general convention chairman announced today.

The purpose of the theme, Markham said, is to point up the tremendous importance of Florida sunshine in the nation's total agricultural picture.

"During some months, a substantial percentage of the fresh fruits and vegetables available to the nation's consumers come from Florida farms," Markham said.

To be held at the Americana Hotel in the Bay Harbor section of Miami Beach for the third straight year, the convention is expected to attract the largest registration in the history of the organization. Continental breakfasts are September 21-25.

A significant array of speakers of national stature in the fields of government, commerce, education and agriculture is to be announced later, Markham said.

Peacock Death Probe Continues

Investigation of a traffic mishap which took the life of Calypso "Skipper" Peacock, 20, of Pahokee, was being continued Wednesday by Florida Highway Patrol Trooper H. W. Whaley.

Peacock was reported killed instantly when the car in which he was riding swerved around a barricade and crashed into a bridge abutment on U. S. 27 near Clewiston.

Driver of the car, Carlos Rainier, 20, of Pahokee, was reported recovering from injuries sustained in the crash. A druggist worker, Billy Gentry, was credited with saving Rainier's life. Gentry rushed the bleeding Rainier to Hendry General Hospital.

"Skipper" was a star football player for the Belle Glade Golden Rams, through his Junior year in high school, and for the Pahokee Blue Devils the following year. He was well known and had many close friends in both Belle Glade and Pahokee.

Young Peacock's father, Calvin, Sr., is a former star athlete and football coach both at Belle Glade and Pahokee.

Shooting Of Boy

ran two red lights and attracted the attention of Police Sgt. Ed Chisholm, who followed Motes to the hospital to investigate. The boy told Chisholm that he was shot by "a young man" who was "just playing around."

Deputy Mike Howard was sent to the Stanley home to question Mrs. Stanley. She was then sent to the hospital and given a sedative.

Young Stanley's father was at work as a druggist operator when the accidental shooting took place.

The bullet that hit the youth is reported to have gone through his chest, barely missing his heart.

Sandra Gamble-William McMullen Say Vows In Evening Ceremony

The marriage of Sandra Gamble to William McMullen, was solemnized on July 23, at 7:00 P. M. at the First Baptist church of South Bay. Rev. James Fenton officiated at the ceremony, before an altar decorated with palms and white flowers. The bride is the daughter of Mr. and Mrs. Leo Oyster, South Bay. The groom is the son of Mr. and Mrs. F. H. McMullen, Belle Glade.

Prior to the ceremony, Miss Karen Vaden, organist presented a program of wedding music. The bride, given in marriage by her father, wore a tulle and eyelet baby blue dress, with matching jacket. Her only ornament was a pair of crystals, and she wore a corsage of white carnations.

Mrs. Johnnie Davis Busbee, Nakokes, was matron of honor. She wore a pink sheath dress.

Tea Honors Mrs. John David Chamblee

Mrs. James Hubert Chamblee, Sr., was hostess at a tea, honoring her daughter-in-law, Mrs. John David Chamblee, Friday afternoon from 3 to 5 o'clock, at her home at 836 South Main Street. Co-hostesses were Mrs. Frederick Stevens and Mrs. James Hubert Chamblee, Jr.

The honoree, a recent bride, was attended in a white dress, with a yellow corsage. The hostess wore a blue dress with white carnation corsage. Guests were received by the hostess and honoree.

The living room was beautifully decorated with pink roses, and red roses were used to decorate the Florida room.

The tea table was covered with an imported eucalyptus emerald linen cloth, and centered with a yellow tulle bowl of yellow carnations and silver. Silver compotes and serving dishes held mints, nuts, petit fours and open faced sandwiches. Mrs. Howard Hill and Mrs. C. D. McClure served punch from a crystal bowl. Assisting in serving were: Janet Chamblee, Sherrill Burgess, Joyce Hudspeth, Cecelia Ezinger and Gwen Gove.

More than 100 guests called during the afternoon.

Jack P. Morgans Attend Musical "Hello Dolly" While In New York City

Among the attractions who were able to obtain tickets to "Hello Dolly" starring Carol Channing during a visit to New York were Mr. Jack P. and Mrs. Morgan of 109 N. W. Avenue I, Belle Glade. While in New York, Mr. and Mrs. Morgan attended a performance of Broadway's biggest hit musical comedy at the St. James Theatre. Produced by David Merrick and directed by Gower Champion, "Hello, Dolly!" has been playing to SRO audiences ever since it opened January 16 when the critics tossed their adjectives in the air for the nation's greatest stage success since "My Fair Lady."

THANK YOU CARD

Thank you dear friends for your great act of kindness in the loss of our beloved sister, Ruth Williams; your prayers, flowers and other gifts for her and those sent to our homes, each card, each call, which were innumerable. May each of you have the same love of friends and the same God of Love each day. Our sister is not dead she is just away.

New Pastor Will Take Over Duties Sunday At First Missionary Baptist

Formerly occupied by Elder E. J. Johns for the past five years, Elder and Mrs. McLeod and children, Susie, 14, Rema, 13 and Paul, 11, arrived this week and are residing in the parsonage at 1524 N. W. Ave. G. They came from Holdenville, Oklahoma, where Elder McLeod was pastor of the Capital Heights Missionary Baptist Church.

Bro. McLeod has been preaching since 1948. He spent 26 months in the Missionary Baptist Seminary and Institute at Little Rock, Arkansas and pastored two churches while attending the Seminary Institute and later pastored another church in Arkansas after leaving the Seminary.

His pastoral work took him to Oklahoma for three years and from there to Mississippi for five years, then back to Oklahoma for two additional years. He has also had the privilege of preaching at revivals in 12 states including the sunshine state of Florida.

Elder S. E. McLeod will take over his duties as pastor of the First Independent Missionary Baptist Church of Chosen Sunday, August 2, filling the pulpit.

Take Your Pick

By R. Halbrook

Southside Church of Christ As second-hand witness to bloody rioting and looting in some parts of our nation, we stand amazed at the complete failure of some to respect proper authority! Much of the disorder, confusion and confusion in our life can be traced to our failure to recognize the proper standard or medium of authority.

The whole duty of man is to "Fear God, and keep his commandments" (Eccl. 12:13). But by what gauge or standard may we determine what God's commandments are?

Man's answer: My FEELINGS direct my life in determining "his commandments." If that be God's will, he is the author of confusion for his feelings may differ from yours (I Cor. 14:33). If that be the standard accepted by God, Solomon most unwisely stated, "He that trusteth in his own heart is a fool" (Prov. 28:26).

Man's answer: Let your CONSCIENCE be your guide. If God sanctions this standard, Christ prayed for the impossible in John 17:20-23; my conscience may guide me in the opposite direction to which yours directs. Conscience is the product of education; if your conscience is mis-informed, we may have a faulty guide. Did the Holy Spirit mis-guide the writers of Jeremiah 16:23 and Prov. 14:12?

Man's answer: I accept the religion of my FOREFATHERS. Trace the family tree back six generations; each of us has 128 ancestors just to that point in history! Is it likely that these forefathers agreed? Many of our forefathers evidently rejected this standard by not following their forefathers! No true standard of measurement changes. Even Paul was at one time "exceedingly zealous of the traditions of my fathers" (Gal. 1:14). But when taught the fallacy of this standard, he abandoned it completely (Acts 22).

Man's answer: Surely I can't go wrong on the verdict of the MAJORITY. But, which majority is meant? The majority of our nation is not religious at all; only 10 out of 25 people in the US profess any religion. If we would change religiously every one we move, should the majority of the world go communist, shall we? No true standard of measurement changes! The majority have entered the broad way to destruction (Matt. 7:14-15).

God's answer: "ALL SCRIPTURE is given by the inspiration of God . . . that the man of God may be perfect, thoroughly furnished unto all good works" (II Timothy 3:16-17). Let's read that verse again; how many good works does the Bible fail to teach? In the scripture, we have "all things that pertain unto life and godliness" (II Peter 1:3). What other things do we need? How many things does ALL THINGS leave out?

We are faced with the same challenge those of old were: "choose you this day whom ye shall serve" (Josh. 24:13-18).

The Southside Church of Christ (secedes from bowing) gladly invites you and your family to worship and study with us. We have no commandments of men, and we are determined not to know anything among you save Jesus Christ, and him crucified" (I Cor. 2:2).

Glades Scouts Return From Jamboree

Eddie Haines, Belle Glade and Danny Denton, Pahokee did their respective cities proud with their showing at the Sixth National Boy Scout Jamboree at Valley Forge, Pennsylvania this month. They both enjoyed a Mountain Top Experience and will have many interesting stories to tell for months to come.

The Scouts left for the jamboree by train Saturday, July 11th from West Palm Beach. First stop was New York City where they spent 2 days taking in the World's Fair. Tuesday night they went to see the Yankees - Orioles game to rest up after a hard day at the fair.

AT NATIONAL JAMBOREE — Eddie Haines of Belle Glade is shown receiving the banner of the Honor Patrol of which he was leader in the Seminole Patrol of Troop 54, which was made up of Troops in the Gulf Stream Council. Bill Haines, "in at ease uniform" Troop leader, from West Palm Beach makes the presentation.

Troop 54 was made up of Scouts from 12 different Stream Councils which serves our Glades District and 4 districts on the coast from Vero Beach to Boca Raton.

Our Boys were in the Seminole Patrol which consisted of Eddie Haines, Patrol Leader, (Belle Glade), Danny Denton, (Pahokee), Bill Haines, (West Palm Beach), Kenney Sweet, Richard Jones, (West Palm Beach), James McElveen and Mike Mueller, (Delray Beach).

The Troop left New York City by bus Wednesday morning and arrived at Valley Forge around noon the same day. The balance of the day, as well as Thursday, was spent orienting themselves and getting lined up for the many activities planned for them.

The Seminole Patrol really meant business; they were the Honor Patrol of their Troop 54. This was a special honor. Members of the patrol qualified for the Jamboree Adventure Award. This award is given to Scouts for completing specified requirements in the following fields: Scoutcraft, Field Sports, Conservation, Friendship, Exchange, Hiking Jamboree events and Fitness.

Many new friends from all over the United States and some foreign countries were made. One such acquaintance was Gary Preble from Aberdeen, Washington. Gary is the Grandson of the Boy Scouts of America, resides in Belle Glade, Small world, isn't it? At a campfire shared with a troop from Nebraska, two Korean Scouts who were their guests, demonstrated the Scouts rope tricks, showed Karate, and sang Korean songs. At another campfire a visiting Canadian Scout told the troop about scouting in Canada. Their highest rank (equivalent to our Eagle) is Queens Scout. Four merit badges are required for this rank, but each badge covers the same work that four or five of our merit badges cover, making their choice less selective.

Our Local Gary Ladies would have acquired a wealth of practical experience if they could have attended the Jamboree. Between 4,000 and 5,000 Scouts answered skill call during the one week the camp was in session. Among the many things in rough when you first hear it, which the scouts participated,

but when you take into account the fact that there were roughly 100,000 sweet rolls, 10,000 pies, 25,000 quarts of ice cream, 416,000 eggs, 181,000 hamburgers, 25,000 chickens, but what would really rock the family budget was the 13 tons of steak consumed at one meal. Yes, the boys really ate.

The highlights in the entertainment field were the opening and closing shows. The opening arena show Friday night dealt mainly with American History with various scenes portrayed on a multi-level stage capable of holding 11,000 people. Speeches by the President of the Boy Scouts of America, the Chief Scout Executive, and Mrs. Baden-Powell, widow of the founder of the Boy Scout Movement, were enjoyed by all. But the most impressive part was when the 1,500 American Scouts, from each troop, were carried upon the stage and 25,000 voices joined in singing the National Anthem, the "Star Spangled Banner."

Eddie Haines was singled out for the honor of being the flag bearer for Troop 54. Eddie said it was really a thrill to take part in this ceremony. Many forms of entertainment were furnished by the closing show, and Eddie had a great time and speech by President Johnson who flew by helicopter.

Both Eddie and Danny brought home souvenirs from the fair and the Jamboree, but the one that Eddie is really proud of is a honored troop suspected of being the off-spring of some escaped toddlers from the 1950 National Jamboree held at Valley Forge.

County Commission

Adopts Budget
A tentative budget totaling \$17,629,221 was adopted this week by the county commission.

At the same time the board delayed adopting a tax levy after Comptroller J. P. Icard said there are some very changes to be made. He referred to the Flood Control District which is revising its millage rate.

The annual convention attracts some 1,500 members and guests from all parts of the United States and several foreign countries. It is to be held at the Americana Hotel again this year.

Butch Davis, Tackle At W. S. U. Being Eyed By Professional Scouts

Marvin (Butch) Davis, a 6-4, 240-pound junior tackle, of the Wichita State University Football Team of the Missouri Valley Conference is being watched by the Professional scouts, according to the Associated Press.

Butch Davis is the son of Mr. and Mrs. Marvin Davis of South

Bay. He is a graduate of Belle Glade High School class of 1961 where he was on the All Conference team of the Suncoast Conference. This Glades Boy is continuing to play good football in College and it looks like a Professional Ball.

Butch attributes his ability to play ball to his high school coach, Jim Maynor who at that time directed the Belle Glade Glades Rams Football Team. He is now the coach of Palm Beach High School. Butch said, "Coach Maynor gave me the fundamentals and the desire to play good football and I owe a

lot to him when it comes to Football."

Wichita State University Coach, Chelo Huerta said, "Butch Davis is one of the finest tackles in the nation. He's a 6-4 and will weigh around 240 pounds all season. He is a great competitor because he has much superior football sense."

"Butch, unless he is hurt, will be among the top draft choice of the pros when this drafting time. Just mark that forecast down."

The folks of the Glades and the Suncoast Conference are proud of Butch, and we say just keep up the good work. He will be leaving about the 15th of August to start drills and his schooling for the 1964-65 season.

Farm Officials Elect Conner

Florida Commissioner of Agriculture Doyle Conner was elected president of the Southern Association of Commissioners of Agriculture here recently on the final day of the organization's annual meeting.

During the past year Conner served as the association's vice president. He has also been the SACA's secretary-treasurer, and an executive committee member of the National Association of State Departments of Agriculture.

The University of Florida is only one of three institutions in the United States which has, on a single campus, colleges of agriculture, architecture, business administration, education, engineering, law, medicine, pharmacy and other health related areas in addition to a full range of departments of arts and sciences.

The Question Remains

The intimately related tax and spending problems grow more clouded.

A short time ago the powerful House Ways and Means Committee voted to increase social security payments and to increase social security taxes by 3 per cent to meet the bill. There are excellent arguments in favor of this move in view of the slow but steady rises in living costs that have characterized the "creeping inflation" of recent years. But, the pros and cons of that aside, this increased tax will go a long way toward offsetting the reduction in income taxes that went into effect this year.

We are facing an ancient truism — you can't have your cake and eat it too. And the government, despite the occasional lip service that is paid to the cause of economy, continues to operate on a "spend more, owe more" basis. The disastrous end result of this kind of policy has been seen in the world around in the post World War I era. So, an old and increasingly important question remains to be answered: Will we learn from the tragic experience of others before our own economy can catch up with us at home?

The spenders in Congress have just voted a heavy increase in their salaries although they have refused miserably to show any ability to balance national expenses with national income.

WINGS OF UNDERSTANDING

The world's greatest danger lies in the fact that human beings have never succeeded in becoming the most rational of creatures. It remains easy to fight with a stranger whose viewpoint you don't understand and whose interests may be different. In the long run the peace of the world must be founded on the mutual acquaintance of its people, and in bringing this familiarity to ever greater numbers of people, the jet plane is the work horse of our time.

Six hundred million-hour speeds mean that time no longer limits travel. A secretary working in Chicago finds that most of her two weeks vacation may as well be spent in India as in Indiana. Just over the horizon are jet transports capable of speeds in excess of 1500 miles an hour and the air traveler flying from East to West across time zones will find that he reaches his destination ahead of his departure time. Cost remains the only barrier to world travel and this barrier is being broken down. One of this country's major overseas airlines, Pan American, World Airways, ever since its early days of pioneering overseas flight, has been an international leader in lowering the cost of air travel and the effectiveness of this course is demonstrated by the astonishing upsurge in air tourism in recent years.

Friends and commercial ties in other countries and the experience of "one world" become the province of the many and not the few, real peace will become possible. Helping in the attainment of this goal will be the jet airplane's greatest contribution to human welfare.

GRASSROOTS OPINION

SALEM, IND., LEADER: "There is a Bureau of the Public Debt — a branch of the Treasury Department. It costs \$48,600,000 a year. But as yet we have never seen mention of a Bureau for Paying the Public Debt! Instead, we hear talk about how the larger our debt becomes the better off we are becoming because there are so many more people who are receiving more dollars per year than ever before. So as long as we get to handle more money it doesn't matter what the debt becomes — or how little the dollar may be worth in terms of buying power. It's awful to be so old that we can't follow this line of reasoning!"

HARLINGEN, TEXAS, STAR: "We once can make it clear. The great problem of our time centers around private property and the inroads being made against it by government. Ever since the socialist movement began, economic theorists have toyed with the idea that the world would be a better place if people didn't own property privately. Essentially, this is all that Karl Marx was interested in promoting when he launched the communist movement. . . . In a free society, both welfare and protection, as services, can thrive and, indeed, will for both of these things are humanly necessary. But to establish a system wherein everyone in society can be systematically kept in order to provide services some may not want, is to descend into socialism."

COVINGTON, LA., FARMER: "Your tranquilizer pills may cause you not to worry about the future of this nation, your business, your families and your schools, and they may even make the chains lighter — I don't really know. But the boys who don't take 'em will be cracking the whip."

New York World's Fair gives Americans an opportunity to pursue grass roots international diplomacy without stepping foot overseas, according to Herbert W. Hoover, Jr., chairman and president of the Hoover Co. Critics rods international diplomacy is a "caveat" that thousands of Americans can pursue this year — without stepping foot overseas.

A perfect setting for the big opportunity to eliminate much of our "ugly American" image abroad to the World's Fair in New York.

Herbert W. Hoover, Jr., a businessman who logs thousands of miles each year in foreign travel, pointed out after an inspection of the Fair, that thousands of United States citizens will rub shoulders with thousands of foreign visitors at the Fair.

"We Americans can create the true image of ourselves for these overseas visitors," said Hoover, chairman and president of the world-known electrical appliance manufacturer, The Hoover Company. "There is an opportunity here for people-to-people diplomacy with Europeans and others who are in the limited operating area of overseas diplomacy."

A Vote-Getter For Election Year?

By Russell Kay

Maybe I'm old fashioned, but President Johnson's "Fiftieth Anniversary" campaign doesn't make a bit more sense than our long program of "Foreign Aid." It appeals to me as just another grand and glorious rate hole in which to pour the taxpayers money with little hope of accomplishing any benefit.

While I must admit it is a wonderful program to present in a political year, it still doesn't ring any bells as far as I am concerned.

For just about as long as I can remember we have been sending billions of dollars overseas to stop the communists and make friends for America. Our State Department tells us we don't dare stop or we will lose the cold war.

We haven't got half as many friends in the world today as we had when we started the program and as far as our allies sticking with us is concerned, France, Britain, Canada and a few others don't see any harm in selling to Cuba, China, Russia, Bulgaria, Yugoslavia and a few others and maintain the United Nations whether anybody else helps or not.

They tell us that we must eliminate poverty because it breeds communism but if you will take the trouble to check the record you will find that the traitors who have sold this country down the river were not poverty stricken individuals but well-to-do, well educated scientists, college professors and top-flight executives.

We came out of World War II the most powerful nation on earth and since then have sat back and waited for our enemies to catch up. We let Russia sneak in and take over Cuba within 90 miles of our shores and while we sat "Naughty, naughty" when they got up mischief, we failed to follow up with right inspectors and we don't know today what the situation really is.

We don't have to worry about the communists starting a shooting war. Why should they when they are winning hands down by gnawing away at us, draining our resources, sipping our economy and waiting for us to wake up with an empty pocketbook.

We can't eliminate poverty without eliminating individual effort, faith, courage and the aggressive spirit that built and made this nation great. Our forefathers knew poverty but they overcame it, they set their sights on freedom and opportunity, and overcame obstacles which we submit are insurmountable.

I take pride in the fact that my great grandfather crossed the nation in a prairie schooner. He took the risks that had faith and courage and believed that "God helps those who help themselves." The trials and tribulations he faced were his own, he didn't look to Washington for help, he had been taught to fight his own battles, stand on his own feet and meet the future on his own. He was an American expanding the sphere of his nation's influence, opening new territory for the welfare and benefit of all.

Yes, I know the world has changed. Things are different today. Men are poverty stricken through no fault of their own, but let's help them to help themselves, maintain their self respect and dignity and revive in their hearts the faith and courage that their forefathers knew.

Unde Dan Says:

Dear Mister Editor:

The fellows at the country store Saturday night was discussing the new plan them Congressmen was using to get their wages raised \$7,500 a year. They didn't get by with that \$10,000 hike on account of a roll call vote and this being an election year, but now they was sneaking through the back door with that \$7,500 figure for themselves and scaled down a little for Federal employees.

Ed Doolittle allowed as how the Government had been in the red 29 of the last 35 years, was now \$100 billion in debt, and all them Congressmen was doing with this latest shenanigan was cut the price tag from \$445 million a year to \$533 million.

Clem Webster reported that Congressmen Brock of Tennessee had a good plan to get the country out of debt but he couldn't sell it on account of the Congress ain't had no experience in anything but deficit financing. Chairman Brock would give the members a 1 percent hike in pay (at year year was \$4 billion surplus and cut their pay 1 percent for every year they went \$1 billion in the hole).

Zeke Grubb said he had been around a long time, could even remember back to Tommy Manville's first marriage, and he ain't never known the Congress to buy nothing in the economy size.

Ed, that was presiding over the session, told the fellows if they didn't have no objections, he would like to get on some other subject, and his stammer was a little upset already.

Big Hookum was pointing out that map of Asia was got on the wall where the Communists has moved the "neutral line" down another 100 miles and them countries, all with the blessings of General DeGaulle. Whoever it was, he was right, but I don't know whether he was going to wake up some morning and find they was moving the line back to the front yard. It was the opinion of the fellows that General DeGaulle was a little bit of a tarnish a bit. One of the fellows claimed it was even getting rusty.

Zeke reported he had saw in the papers where they was already announcing \$1 billion more when summer ain't got here good. He said they was predicting where the economy would be "fewer and higher" this winter. If they get any fewer or high or low, I don't know.

Joe Chodkowski reported he had read a book by the Beatles had wrote a book. Ed immediately got up and ruled Joe out of order, claimed they was some things that just wasn't allowed on the agenda at the country store.

Yours truly,
 Uncle Dan

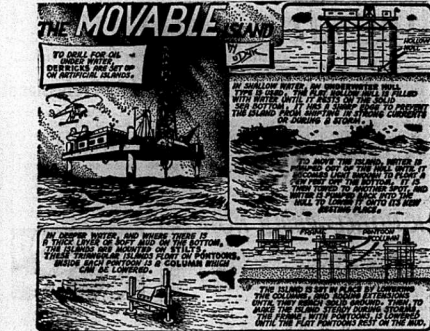

Florida Bankers Beef Up Cattle Industry

The Florida Bankers Association has thrown its support solidly behind the beleaguered Florida cattle industry. It was announced here today by Art Higley, Executive Vice President, Florida Cattleman's Association.

By speaking for the Florida Bankers Association, Louis Gifford, Chairman of the Florida Bankers Association, and the Vice President of the Florida Cattleman's Association, the members of the Association would be displaying beef posters in their banks, throughout the month of August, and otherwise participating in the program of the cattle industry to alert the public to the need for corrective action.

Gifford said, "As Chairman of the Livestock Committee of the Florida Bankers Association, I am deeply gratified at the response and help the Association is giving to Florida's cattlemen. Florida is being flooded by an ever-increasing volume of imported beef coming into the state through our ports. This so-called 'bargain beef' is becoming a serious threat to the economy of our home-grown Florida cattle industry. Florida cattle are being crowded out of Florida if we are to preserve Florida's vital meat-producing industry."

Man is not the creature of circumstance, he is the creature of men.

Junior's Essay

About Females

Most of the time a female is a woman or a lady but sometimes, and pretty often, it is a dog, cat, horse or cow — oh! just about everything.

Men used to wear the pants and they still do — they were dressed as they were dressed. But somehow the women got to wearing pants too and they don't get arrested, but some of them ought to.

I don't know how it ever worked out that way but women can paint their faces, their fingernails, their toenails and wear shoes that crazy people wouldn't wear, and wear dresses that wouldn't make half of a petticoat — all to make themselves look pretty, and do you know something, some of them do.

I don't know who it was who said, "The female of the species is more deadly than the male." Whoever it was, he was right, but I don't know whether he was talking about rattlesnakes, lions, tigers, black widow spiders or women. One is about as bad as the other. Maybe a bad woman is a little worse than the others. They don't know any better but a woman ought to.

A female (woman) can get just about anything she wants if she goes about it in the right manner. Ever since anybody can remember, when a female (woman) wanted a man, she got him and just as often as not it was a man that some other female (woman) wanted, and that caused a lot of trouble before the men started wearing pants and they thought they wanted to vote and things like that. The men thought they might as well have it, they went out of order, claimed they was some things that just wasn't allowed on the agenda at the country store.

Yours truly,
 Junior

Lowell Davis Death Due From Natural Causes

In an investigation into the death of Lowell Dalton Davis, Sr., 59, found dead in the M. C. Ward garage Thursday night, revealed there was no foul play involved. Dr. M. L. Soto, Assistant Medical Examiner said death was possibly caused by a heart attack.

Davis was found by his two oldest sons, who when he failed to come home for dinner, went to the garage at 1524 S. W. Ave. 2 and found his body under a car. Deputy Police Chief D. Bill Mathis said no marks was found on the body and the motor of the vehicle was cold and the ignition turned off.

Davis was a native of Lumber City, Ga., and had come to Belle Glade 15 years ago from Gainesville. He was manager of the Ward garage.

Survivors included his widow Evelda Austin, four sons, Frank Bobby, Ronald and Edward; two daughters, Patricia and Annette, all of Belle Glade; one brother, Tommy, Newberry, sisters, Mrs. Frankie Powell, Mrs. Mattie Lee Peadle, Mrs. Jonie Wright all of Gainesville; Mrs. Thelma Ponder, Apopka.

Services were conducted at 3 p. m. Sunday at the First Independent Missionary Baptist Church, Chosen with Rev. Horace Burgen of Pahokee officiating. Interment at Port Mayaca Cemetery.

C. Commissioners Reschedule Meet

A special meeting of the county commission has been called for August 3 and the board's regular meeting of August 10 has been rescheduled for August 17.

The regular meeting next week has been called to receive bids. The commission to attend the annual meeting of the National Association of County Officials being held in Washington D. C. August 9 through 12.

Williams Funeral Home was in charge of arrangements.

Livestock Dealers Must Secure Bond Also to Register

The U. S. Court of Appeals has upheld a requirement under the Packers and Stockyards Act that livestock market agents must obtain bond coverage to complete registration under the act.

Two owners were charged with operating from February to December 1961 without completing the P&S Act's registration and bonding requirements, in that they failed to obtain an adequate surety bond.

In a ruling handed down June 8, reversing a decision of the U. S. District Court for the Northern District of Iowa, the U. S. Court of Appeals for the Eighth Circuit concluded that the partners did not properly complete registration when they

failed to file the required bond with the application for registration. The appeals court noted that the act and its regulations provide that all livestock dealers and market agents who buy, sell, or handle livestock in interstate commerce must be registered with USDA and must obtain adequate bond coverage to assure payment for their livestock transactions.
